

ESG: Authentic Strategy Development & Execution

At Corbin Advisors, we believe your ESG story is most powerful when it is authentic to who you are as a company – and what you want to be in the future.

Drawing on insights from more than 650+ institutional investors globally and deep analysis of the ESG-oriented investment landscape, we'll work with you to craft an ESG strategy that is genuine to your corporate mission, vision and values.

How We Can Help

Understand your position in the ESG ecosystem

- Peer benchmarking and gap analysis
- ESG ratings analysis
 - o Identify errors and disclosure gaps

Identify what is material to your business

- Internal and external materiality assessments

Craft and communicate the past, present, and future, seamlessly integrating sustainability into strategy

- ESG investor presentations
- ESG reports

Get full credit for what you have done

- Understanding the demands of stakeholders can unlock value – whether it is boosting your ESG rating or ensuring you are full qualified for the next RFP, we will help you get maximum value from the work you have already done.

We will help educate the leadership, the board, and employees to speak knowledgeably and in one voice

- Board and Leadership seminars
- Employee education seminars
- ESG shareholder engagement and roadshows

Chart a course for continuous improvement

- Our engagements help clients realize the need for continuous improvement
- We can chart a course for you that can be communicated to internal and external stakeholders and used for strategic planning purposes

Get help to see around corners at emerging ESG risks and opportunities

- For clients with year-round demands we can act as an extension of your sustainability team or the sustainability arm to your IR team

Why Corbin

Our ESG team of subject matter experts cares passionately for and has deep expertise in a wide breadth of areas relevant to ESG, including regulatory, strategic communications and board and leadership seminars. Contact [Leahruth Jemilo](#), Head of ESG Advisory, to discuss how Corbin Advisors can turn ESG into a strategic advantage for your organization.
